

With a reputation as one of the best kitchen appliances, the OmniBlend blender is perfect for making smoothies, soups, dips and more. The commercial strength blender is also able to crush ice and grind nuts, which makes it one of the best blenders on the market.

The OmniBlend has a built-in overload reset button and thermal shut off switch on the motor that protects it from burning out and post-load shedding power surges.

At 38 000 revolutions per minute, the mechanism will whip up a mini tornado of goodness and health right in your kitchen.

#### WHAT'S INCLUDED

- OmniBlend blender base
- Jug (1.5 or 2 Ltr)
- Tamper
- Lid
- Recipebooks
- Nutmilk bag

The **OmniBlend blender** is a very powerful blender with a peak output of **3 horse power**. Its versatility let you use the blender for a great variety of recipes such as soups, smoothies, milkshakes, pesto, nut-butter, etc. The blender has a durable and robust build and the OmniBlend motor is protected against power surges and overheating. The blender has a 3 year warranty.

This blender will fit both the 1.5 Ltr and the 2 Ltr. jug.

Both jug sizes are heat-resistant up to 120 Celcius.

Both jugs sizes are easy to handle, virtually unbreakable and extremely easy to clean.

The build-in blade assembly (which can be removed and replaced separately) consists of 6 stainless steel blades with which you can blend anything from frozen fruits, ice, nuts, etc.

WEIGHT	<p>2 Ltr and 1.5 tr jugs can both be used on both the V and I model</p>	
APPLICATIONS	Smoothies, Soups, Nut Butters, Nut Milks, Ice-Cream, Grinding Grain Into Flour, Grinding Coffee Beans +more	Smoothies, Soups and recipes that use lots of liquid

## OPTIONAL EXTRAS:

1.5 Ltr Jug

1.5 Litre Eastman Tritan BPA-Free Jug, Stainless Steel Blades (6 blades in a 2-blade system), Lid and Tamper Set. This jug will fit the [OmniBlend I](#) and the [OmniBlend V](#) blenders. This 1.5 Ltr jug is better at blending liquids.

2 Ltr Jug

2 Litre Pro Jug, Stainless Steel Blades, Lid and Tamper Set. This jug will fit the [OmniBlend I](#) and the [OmniBlend V](#) blenders. The Vita-mix compatible OmniBlend 2 Ltr jug is suitable for both wet and dry blending in one jug.

Sound Cover

The OmniShield Q1 (Stand-alone) and the OmniShield Q2 (Stand-alone and Drop-in option) are Sound Covers to reduce the noise of the blender in operation. Unlike other sound covers that only cover the jug, the OmniShield covers the whole machine including the motor – the main source of noise. This sound cover is designed to work with 1.5 litre machines only. The Drop-in can also be used as a Stand-Alone, but the Stand-alone model can never be used at a Drop-in sound enclosure.
